Mr. Loftus Becker
63 Wall Street
New York, N. Y.

Dear Loftie:

In accordance with your request, I am waiting to hear from you on matters of procedure relating to the subject we discussed in Princeton. In the meantime, I asked Lyman Kirkpatrick, who was in the Twelfth Army Group and who now works with me here, to be on the lookout for a house for you. There is a house in Fairfax, Virginia which is now on the market and might appeal to you inasmuch as it is large enough for your family and has some ground around it. If you would drop Kirk a note at this Agency indicating what your needs are and the general price range, he might be able to dig up other possibilities.

My plans call for a marriage ceremony on February 10th and a two-weeks' leave of absence in Nassau. I will be back on the job on or before March 1st and will be glad to know of your definite plans before I leave or as soon after my return as may be convenient for you.

With best personal regards,

Very sincerely,

51 -
